

John A. Marino

President & COO (Chief Operations Officer)

CCO - Construction Code Official

BCO - Building Code Official

John is an accomplished local business owner known amongst his friends and clients for his honesty, excellent craftsmanship, impeccable work ethics and his involvement with his community projects.

John was born and raised in Jessup, PA and has resided in nearby Mayfield, PA since 1996.

John has been involved in his own contracting business for the past 29 years. During that time, he had been personally responsible for marketing, personnel and financial aspects of the business. Most importantly of all, John's primary focus has always been customer satisfaction. His attention to detail is particularly evident in his coordination of sub-contractors, scheduling management and integrity of project design. Both his clients and his colleagues consider him to be a master craftsman/contractor, as well as an experienced and thorough field inspector.

In addition to John's business experience and knowledge, he is also registered with the Pennsylvania Department of Labor and Industry as a certified Construction Code Official and certified Building Code Official. He is also certified with the International Code Council. Additionally, he currently holds the position of Residential Bank Inspector for Fidelity Bank serving Northeastern PA. He is responsible for releasing funds through inspection of bank projects, ensuring all levels of construction are completed to contract specification prior to the release of funding.

His current professional certifications include Residential Building Inspection 10, Residential Electrical Inspection 11, Residential Mechanical Inspection 12, Residential Plumbing Inspection 13, Residential Energy Inspection 14, and Building Code Official #3302.

Throughout his 29 year career John has worked on many projects in almost every borough in Lackawanna County and surrounding communities, such as Mid Valley Manor, Keystone College Observatory, General Dynamics, Mellow Park, and some local restaurants and physicians' offices. That is a great indication of John's integrity, hard work and sense of ownership in any project he is involved with.

Aside from his professional commitments, John is very passionate and proud of his involvement with his community projects throughout the area. John's strong commitment to his community has also been a priority for him. Perhaps his greatest accomplishment has been volunteering his time as a lead foreman during the construction of Kids Corner Park in Jessup. Under John's direction, nearly 300 volunteers joined efforts to construct this unique playground setting, which has since been utilized by countless children and families from throughout the area. His sense of civic duty is demonstrated by his 15 years of active membership with Mayfield Hose Company. Currently holding the position of Fire Chief, John has also held the ranks of Engineer, Lieutenant and Assistant Chief, working his way to his current leadership role. With music as a personal interest, John has become an avid guitar player.

John credits his many successes to the love and support of his family. In their Mayfield home that he personally constructed, John resides his wife Linda with their two daughters, Carly and Bianca.
